

The Dimmer View

BY MAX GOODWIN

Silly season is here again in school board circles.

Frank Armstrong, board president, the guy who tried to conduct a private inquisition into the voting habits of school personnel last year is at the nucleus of the trouble again.

Armstrong was candidate for municipal judge. Two school principals had Armstrong's opponent's sticker on their private autos. Armstrong "suggested" they remove the stickers "because the autos are used during school hours." A "suggestion" from a school board president is an "order" to an underling, no matter how you slice it... so the teachers took the strips off.

I went to the board meeting to protest. Mr. Arthur Thomas of Monterey Heights school and Mr. Robert Sutton of junior high school, the principals involved, did likewise, and they gave a very good account of themselves, I thought.

It was developed at the board meeting that Armstrong got into the bumper strip bind independent of the rest of the board. This was proven when the board rescinded his action and gave personnel the blessing of the board to put anything they want on their own autos.

Armstrong, an attorney, certainly knows that he cannot establish policy or invoke rules except in concert with the rest of the board and that he was off base when he took action on the bumper strips as an individual. The bumper strip bit, of course, was sheer political jealousy and his doing it as an individual was outrageous.

He apparently felt the matter involved in constitutional rights and democratic freedom, was not important enough to make into a board issue. As a footnote in incongruity it should be recorded here that he did bring board action a demand that he, and other board members who may so desire, be honored on stage at junior high school graduation this month!

The first hassle involving him resulted after a lengthy diatribe delivered by a lame duck board member who had been defeated. Armstrong very possibly was carried away by the weight of this man's words. In the recent instance the trustee is guilty of throwing his weight around.

This is abuse of an office held in trusteeship and must not be continued.

The politicos had us on the ropes last week brow beating us for attention to their battle. In the shuffle we failed to take editorial note on the grand job done by those who are responsible for this year's edition of the Swimming Pool Parade and Fiesta.

This year Dr. Robert Burns is president of the activity and the parade attracted more people, and the fiesta produced more revenue than any one of their predecessors.

And Dr. Burns worked harder and longer than he has on any one of the score of civic and youth activities with which he

Math-Science Scholarship Carries Lemon Grove Name

A twelve-hundred dollar math and science scholarship, collected this publication after an editorial appeal will carry the name of Lemon Grove Community Math-Science Scholarship. It was announced this week by Mel Grant, principal of Mt. Miguel high school.

The money was contributed within ten days after initial contact. An architect of San Diego, Herluf Brydegaard put a weeks deadline on \$600 to the fund. Consideration was to several names for the according to Grant. In the end, Brydegaard Foundation Fund, for the sort in starting it, Citizen's Award, and these were dropped.

It was strated when per editorialized on math-science scholarship who is outstandingly but so shy he ppete for available typical research type artist who will be lost cause he may have isty this summer. Education is now as enter a college for

Petitions Roll In For City

Bob Vaught, leader of the volunteer petitioners reported to the civic committee for incorporation this week response to calls made on home owners has been almost entirely in favor of the current campaign for incorporation of Lemon Grove as a city of general law.

"Recent reports from throughout the state have conclusively proved general law cities are operating in the black and are realizing substantial surpluses from their newly acquired status of cityhood," Vaught said.

Chairman Le Barron reported headquarters volunteers have sorted and listed more than 1,100 property owner petitions containing more than two-thirds of the values needed for filing. "If the public response to our program continues at this rate, Co-chairman Louella Fellows said, "we may very well cut more than a month and a half of time from the campaign and bring about an election sometime late in September."

It was cautioned, however, this

Restaurant Opens Here Next Week

Pernicano's Italian restaurants will open the sixth restaurant in their growing chain in Lemon Grove Wednesday. It will be located at 7810 Broadway near Imperial, opposite Piggly Wiggly Market.

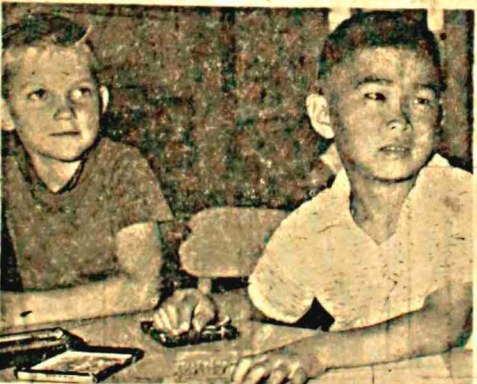

Sam Pernicano, who with his son Ven, will manage the firm, said the restaurant would be open seven days a week from 11 a.m. to midnight. During the opening week orchids for women, cigars for men, and lollipops for the youngsters will be given away.

The cafe will seat 80 persons. Italian food will be featured and take-home orders will be encouraged, he said.

There are ten brothers in the Pernicano family, all are interested in the restaurant business. One brother, George, is nationally known for his 15-inch handlebars mustache. The mustache is insured by Lloyds of London for \$50,000 according to Sam Pernicano.

Other Pernicano restaurants are located in El Cajon city, on El Cajon Blvd., in Hillcrest and in La Jolla. A seventh one is being opened in Chula Vista in August.

Summer Vacation Nears For Area Youths

FIRST GRADERS — A reading class of Mrs. Joyce Cooper's Golden avenue first grade room is rapt attention as the teacher explains a point to the young students above including, from left, Ellen Reck, Patryce Adams, Kathy Martinosky, Mark Wardwell, Linda Barton, Paul Jenkins, Geraldine May, Patrick Hunt, Kurt Morgan, Tommy Higdon and Charla Bradley. Photo to left shows Patryce Adams showing Mrs. Cooper her artistic effort at the easel while bottom photo shows Davie Choin and Art Takanashi as they work out designs with crayons. First Graders will move up a notch at school closing June 12. (Review photos 1024-25-26)

Youngsters Wind Up First Try

First graders at Golden avenue school in Lemon Grove are winding up their initial year in the brain strain business and from all appearances the situation is well in hand. Teacher Mrs. Joyce Cooper's capable hand, that is.

With some 32 youngsters asking questions and needing direction, Mrs. Cooper has a tidy job as any mother can testify. However, she is first to claim it's all in a day's work and not such a miracle as it would seem.

Among Mrs. Cooper's charges is one youngster who only started school in January, fresh from his native Greece, with no knowledge of English — written or spoken. Today he is reading along in good style and talks a blue streak.

Another lad of the GA first room has a hearing problem and this is his first experience in public schools. He wears a hearing aid device in each ear and participates along with his classmates as they mimic music from a record player. The one record goes like, "La da da daa da da," and 32 little voices go, "La da da daa da da." They can repeat the song word and rhythm for word and rhythm without a quaver or quail.

From finger painting to the more elite brush and paint work at the easel, these young artists manufacture some pretty fancy first effort displays.

All in all, as the first graders wind up the season and look forward to 11 more such sessions before that senior high school year is completed, the budding brains of the country demonstrate ability and agility. With such youngsters and teachers as Mrs. Cooper, not only learning . . . but the country . . . is in good hands.

Brumley Appointed To Chamber Board

Dee Brumley, proprietor of Brumley's Shoes, 7763 Broadway, has been appointed to the board of directors of the Lemon Grove chamber of commerce.

He replaces Bud Young, service station operator, who has relinquished his chair due to the pressure of business. Announcement was made Thursday at the weekly meeting of the chamber.

Summer Concerts Tickets On Sale

Sale of season tickets for the San Diego symphony orchestra summer concerts in Balboa park bowl opened this week. The tickets cover the seven concerts to be given beginning July 8 and continuing each Tuesday night through August 19.

Primary Tally High; Local Voting Shows Incumbents In Solid

Incumbents Wednesday night were carrying county-wide contests according to returns from Tuesday's primary tabulated from unofficial totals. In races of local interest incumbents such as Congressman James B. Utt, State Senator Fred Kraft, Assemblyman Sheridan Hegland and Municipal Court Judge L. N. Hussey were building commanding leads.

With about half the precincts tallied Hussey was leading his opponents, Frank Armstrong and Howard Muhleman, by a better than two to one margin. He only needs one more vote than the total of his two opponents to gain election in the primary and pass up the November battle.

Hegland, with about one-fourth of the precincts reporting, was leading Challenger William Shearer by better than a 2,000 vote margin.

Kraft, one of the state's senior senators, was leading his two opponents by a healthy margin with a run-off between him and Hugo Fisher shaping up for November. About one-third of the precincts had reported Kraft leading by about 6,000 votes over Fisher.

In the US representative's race for this district, Utt was carrying a commanding lead over his opponent, T. R. Boyett.

All six propositions on the primary ballot appeared to be passing.

Death Takes Fred Ward At Home

Death came finally to Fred I. Ward at the age of 65.

He died Tuesday morning at his home at 3346 Sweetwater avenue.

Ward said goodbye to many of his friends on at least three occasions. Suffering a heart ailment and diabetes he had been in and out of hospitals for the past six years starting with the Mayo clinic in Minnesota where he was advised to get his affairs in shape against a soon and ultimate end.

From what was believed to be his death bed he recovered at least three times, after friends and relatives gathered to pay last respects. He recovered each

time to resume work and travel around the nation via auto.

He visited with friends in the business district Monday after driving to Lemon Grove to get a haircut. Barbershops were closed and he used this time for visiting. Friends said he was in high spirits.

He was born in Omaha. Beginning in 1920 for 13 years he represented

Jaycees Set Installation

The Lemon Grove junior chamber of commerce will install new officers at a dinner party Friday this week at the Singing Hills country club when Joseph Payson takes over the president's gavel.

Scott Biddle, national Jaycee director, will be the installing officer. To be installed with Payson are Abe Mukai, first vice-president; Bill Van Dusen, second vice president; Loyd Branhan, secretary; Del Anderson, treasurer, and Bob Bottini, state director. Hal Brulington, Keith Brulington, John Englestad and Pete Byrne will serve on the board of directors.

Incumbent May Face Home Move

Municipal Court Judge L. N. Hussey, with better than a three to one edge over his opponents in the primary election late results Wednesday was faced with a moving problem if a proposed shift in judicial district boundaries is enacted before November.

Hussey, leading both Frank Muhleman and Frank Armstrong by a large margin, is a resident in the former Homeland district. The county counsel, in a legal opinion submitted earlier to the board of supervisors, has indicated if Hussey's apparent primary election stands up in final vote tallies he might have to move if Judge R. Fenton Garfield's proposed shift of judicial district boundaries is enacted.

Garfield has asked the board to remove the former Homeland district from the San Diego district where they placed it last September and put it in Garfield's El Cajon district in line with demands from a number of area groups and individuals. Hussey, under the boundary change, would become a resident of the El Cajon judicial district while being a judge in San Diego, thereby requiring a possible residence change.

Garfield said Wednesday he will again make the proposal to the board next Tuesday and said if and when the supervisors pass a realignment ordinance, Governor Knight will then make the appointment for the second El Cajon district judge.

Youth Dies From Injury In Accident

Ronald Glynn Duncan, 13-year old twin son of Mr. and Mrs. B. D. Duncan, 2151 Glencoe place, Lemon Grove, was fatally injured Tuesday when he darted into the path of a car at the intersection of Imperial and Mt. Vernon. He died at Grossmont hospital at 5:15 a.m. Wednesday.

According to highway patrol officers, Mrs. Gladys Jean Mounds, 28 year old housewife, of 402 63rd street, was driving south at a moderate rate of speed. Young Duncan, enroute home from junior high school where he was a seventh grader, was attempting to catch up with his schoolmates already across Imperial after walking the railroad tracks and darted out from the road and tracks and into the path of Mrs. Mounds' car. His head hit the auto windshield. Mrs. Mounds was not cited.

Funeral services will be this week on Friday at 10 a.m. at the Conrad Mortuary chapel, Lemon Grove, with burial at La Vista memorial park.

Besides his parents, Ronald is survived by his twin brother Donald and a sister, Marilana.

Ten Commandments Shown At Grove Theatre Here

The most monumental film of all time, Cecil B. DeMille's production of "The Ten Commandments," a motion picture of reverent and massive magnificence, opened yesterday at the Grove Theatre following widely acclaimed premiere showings which garnered world attention. Mighty in concept, mammoth in execution and overwhelming in impact, this costliest and longest work in screen history is an experience never to be forgotten.

The story of how one man's character was forged in the fires of power, temptation, self-sacrifice and love, until he was fit to receive God's Law, lead his people out of bondage and teach them to live under the code that became the fountainhead of three great religions, the Paramount colossus is above all a timeless, enthralling human document of man's first struggle for freedom.

Spectacle of a scope never seen before and probably never again to be matched backgrounds the three-hour, thirty-nine-minute drama. Using some 25,000 extras, DeMille has given us immense scenes of Israelite multitudes building mighty cities, thronging to the horizon in the

Exodus and reveling in barbaric worship of the Golden Calf.

Unforgettable, too, are the blasting of the Commandments into the Sinai granite by God's fiery finger; the miracle of the Red Sea, with the Hebrews crowding in panic between the towering walls of water as the thundering chariot army is destroyed behind them; and the green mists, blood-red rivers and flaming hail of the Plagues.

In Vista-Vision and Technicolor, "The Ten Commandments" emerges as not only the most visually exciting film ever made but one of deep meaning to the world today and to generations to come.

Church Program Features Youth

The special offering for world missions will be dedicated during the children's day program at 7:30 p.m. next Sunday in Vista La Mesa Christian church. The church school superintendent, Mrs. Gwendolyn Johnston, will direct children through as they participate in the service. The junior choir will sing and will participate in choric speaking. The primary department will enact Johnny's Dream, and the junior A department will present a playlet, Where Christians Are Few. Junior B department has written a litany, and smaller children will sing missionary emphasis songs.

The Rev. William T. Nichols' sermon topic for morning services at 8:45, 9:45 and 11:00 will be How To Know Christ.

4 Years of College Education is the Minimum for Chiropractic Doctors

The effectiveness of any profession depends largely on its educational standards. Realizing that, the National Chiropractic Association requires every prospective Doctor of Chiropractic to complete a full 4 years of comprehensive chiropractic education.

Continual and rigid examinations are devised, not only to educate the student, but to ensure proper use of the knowledge and skills which must be acquired. This wide scholastic background has been designed to meet new healing advances derived from research and experience.

There are 8 chiropractic colleges in the nation which conform to the exacting educational requirements of the National Council on Education of the National Chiropractic Association. The students must first meet professional entrance requirements . . . 2 years of pre-professional education in many states . . . then must pass examinations given during and after a minimum of 4,000 hours in these scientific subjects. Anatomy, including embryology and histology . . . 740 hrs. Physiology . . . 240 hrs. Biochemistry . . . 180 hrs. Pathology & Bacteriology 520 hrs. Public Health, sanitation, hygiene . . . 160 hrs. Practice of chiropractic principals and technique, neurology and psychiatry, pediatrics, dermatology, urology, ophthalmology, otolaryngology, first aid and minor surgery, roentgenology . . . 1,960 hrs. Obstetrics & gynecology 200 hrs. Total . . . 4,000 hrs.

Then he is required to pass extensive examinations in scientific subjects by State Boards of Chiropractic Examiners before he is licensed to practice his profession.

Owner Gives Pet

Lost Dog Has Way; Kids Find Kindness

Remember when you were a kid you would have given anything to own a dog? And if you did own one you'd do all in your power to prevent anything bad from happening to that dog.

Well, the present generation is no different. They all love a dog. One boy in Spring Valley proved his love for a dog recently, and possibly saved its life.

It seems the word was passed at Bancroft school children should not encourage their dogs to tag along to school. If stray dogs were caught, it could mean the dog shelter for them. Dogs were simply to stay away from the school grounds.

But one little Chihuahua somehow or other didn't read the fine print and showed up on the school grounds one day. He attracted the attention of 11-year-old Scotty Fritz, a fifth grader, who fearing for the animal's life took him in charge. He would protect Mister Chihuahua even if it meant telling a little white lie. This he did . . . telling the children the dog was his. Maybe the word might get around and he could take the dog home.

Well, he did take the dog home, but the Laverne Fritz family of 8699 Valencia street, Scotty's family, already have a dog. But the Karl Baranowski of 8866 La Mar street didn't have a dog, so to that home the Chihuahua went. The six Baranowski children would take good care of their new-found pet.

That was back in March, and the Baranowski children had named their new pet Skipper and thought it was just another dog. They were very attached to it, and thought the sun rose and set in Skipper.

On May 24, Mrs. Virginia Dick of 8707 Troy street, was passing the Baranowski home and saw the Chihuahua playing in the yard. She took a second look, and then stopped her car.

"Could that be Peppy," she asked herself. "It sure looks like him."

She went to the Baranowski

door and knocked. When Mrs. Baranowski appeared Mrs. Dick told her about her suspicions and asked how long they had owned the dog. When Mrs. Baranowski told her and that they had gotten Skipper from a friend, Mrs. Dick replied that she was sure Skipper was her Peppy.

Mrs. Baranowski knew it would break the hearts of her children if they had to part with the little fellow, but she also knew she had to be fair about the situation. She told Mrs. Dick if she could prove ownership, she could have the dog.

The next day Mrs. Dick reappeared at the Baranowski home, but this time with the necessary pedigree papers, which proved that she was the rightful owner of the Chihuahua, and which also proved that it was a registered animal with a good background, and not just another dog as the children thought.

So Mrs. Dick took Peppy and his papers and headed for her car, while the six Baranowski children sat there as if in a trance. As Mrs. Dick went out the gate, the tears began to flow . . . the children were losing their best friend.

Then it happened. As Mrs. Dick was about to turn the door handle of her car, she made a right-about-face and headed back to the Baranowski house.

When she got to the door she said she just couldn't take the dog and break the hearts of six children who had loved and taken care of the dog these past two months.

She turned Peppy or Skipper, as the children prefer, back to the Baranowskis with the understanding they have the pedigree papers altered to fit the new owners.

So, all's well, that ends well . . . Another group of children made happy through some kind person who has a heart of gold and who not only understands the nature of pets but who understands the hearts of children.

Mrs. Virginia Dick of 8707 Troy street, Spring Valley . . . we salute you.

EASTERN STAR MEETS

The San Miguel chapter 579, order of the Eastern Star, will meet June 11 at 8 p.m. at Friendship hall, Lemon Grove. Ellen Shaw, publicity chairman, reports. Mrs. Avis Hinton will be chairman of the after-chapter party.

TEEN-AGE FRIENDSHIP RENEWED AFTER FIFTY-YEAR SPAN APART

"Louise and I were just like some of the teen-age girls of today, palling around and having a good time. That was about 50 years ago. Then we lost track of each other."

So said Mrs. Lola Barnes of 3740 Bancroft Drive, Spring Valley, last week, as she looked across the living room of her home to her friend Mrs. Louise Sandeffer, whom she had not seen for 50 years. Mrs. Sandeffer has been visiting here for her first time.

In the little Missouri town of Grand Pass the two girls became fast friends, attending Sunday school together and on occasion going to a play party where they learned to do the Skip to My Lou, a popular dance and song in those days. Life was a beautiful thing for the two girl chums.

Soon romance came into Louise's life, in the form of one John Sandeffer, introduced to her by her friend Lola, of course, and Louise and John seemed to hit it off real well. Then while this romance was blossoming, Lola and her folks moved to Miami, Mo.

Then it was, the two girls lost track of each other. The years rolled by and eventually, in a round-about way, Lola heard that Louise and John had been married in Marshall, Mo., and had settled in Wichita, Kansas.

Eventually Lola met and married Ben Barnes in Miami, Mo. They had nine children, among them Mrs. L. W. (Maud) Wigfield of Spring Valley. Ben Barnes passed away about 20 years ago.

One day as Lola Barnes was passing through Wichita, Kansas, by bus, the driver made a lunch stop for several minutes. Lola took the opportunity to look in the phone book to see if her girlhood chum Louise was still in Wichita and sure enough she was. They had a warm conversation until bus time.

That was the start of a renewed friendship and many letters between the two for several years. Then just last December John Sandeffer passed away. So Louise decided to make the trip to California to see her two brothers-in-law and especially to the home of her girl chum Lola Barnes. And they've been having a wonderful time, they said.

Louise and John Sandeffer had two children, one of them being Eve Sandeffer of the National Broadcasting company in New York. She has appeared on many TV programs, including What's My Line?, the Bill Cullen show

DOROTHY DIGS in the garden

A few days ago, visiting a friend's rose garden, she sadly pointed out to me little holes in the side of her rose buds, drilled as accurately as a carpenter might drill a hole in the side of a house. Then she parted the petals and showed me the green worms that had hatched from the egg deposited in that hole . . .

a green worm wriggling destructively among the rose petals. Yesterday someone brought me a leaf carefully wrapped in cellophane. Obviously when the leaf left the owner it had been infested by a little cluster of eggs, no bigger than pin points. Some of them remain . . . just tiny eggs . . . but most of them have already hatched into tiny whitish worms.

The best thing you can do to get rid of this kind of insects is to spray with a combination of dieldrin and malathion. Malathion for a quick kill, dieldrin for long-lasting results. Don't delay spraying. These worms are doubtless hatching in your garden every day.

Pool Space Curtails Swim Program

Some San Miguel school district would-be-swimmers will have to be excluded from summer classes unless more private pools are made available for instruction sessions, it was reported this week. With 140 youngsters registered for the classes, it was pointed out some will have to be cut from the learning sessions unless more facilities are volunteered.

The classes would take up one-half hour's pool time in the morning and the same length of time in the afternoon on a weekday basis. Anyone who may wish to volunteer use of a pool for short periods may call Mrs. Audrey Poppenhause, JU 29504, for details.

The swim classes are instructed by Red Cross trained and rated instructors. Classes are set to start June 16. Included in the sessions will be students from six to 12 years old. Registrations closed last week after the high number of entries was reached and pool availability was found to be lacking.

Physical Fitness Classes On Tap

A six weeks summer course in physical fitness for women will begin at Mt. Miguel high school, Wednesday, June 11, from 7 to 9 p.m.

Mrs. Hedy Wolf, instructor, invites women from the Lemon Grove and Spring Valley area to participate in this program. The new facilities will provide space and equipment that is necessary for this type of class.

WEDDING SET—Dorothy Louise Babcock and John Dune Williams, both of Spring Valley, will wed July 3. Miss Babcock is the daughter of Mr. and Mrs. Emory Babcock, 8668 Valencia street. She is a senior at Mt. Miguel high school, and will graduate June 12. Duane Williams is the son of Mr. and Mrs. John Williams of Helix street, Spring Valley. He is a music teacher with the Cash-ion school of music, Lemon Grove, and a graduate of Grossmont high school, class of 1957. He will teach music at Mt. Miguel high during the summer.

Pad Pitcher Up For Major Try

Earl Averill and Larry Raines, in the hitting department, and Gary Bell, on the mound, stole the thunder for the San Diego Padres in May. 'Southpaw Bill Werle was close on Bell's heels.

Bell did so well that Cleveland, hard up for pitching, called him up May 29, dealing the Padres a big blow. Gary won four games in May and was 6-2 with 60 strikeouts in 75 innings when he left to get his first chance in the major leagues at the age of 21.

LOMITA VILLAGE NOTES

by Edna Rice — HO 9-6832

Lomita friends are congratulating Dr. Terence B. Geddis, principal of Audubon school, on the honor recently accorded his son, James Geddis, a San Diego high school senior, at a recent dinner at the Kona Kai club. James was awarded a scholarship by Convair astronautics for winning the highest score in the mathematics exam given at education center. Six-member teams from seven schools throughout the city competed.

LOMITA VILLAGE

Kindergarten pre-registration was held at Audubon school early this week. June 9 will be highlighted by sixth grade activities. Students and faculty are looking forward to the last day of school, June 13.

LOMITA VILLAGE

Mrs. Carl Hinton and her cabinet took office at Audubon P-TA last week, with Mrs. Mark L. Owens officiating as installation chairman.

LOMITA VILLAGE

Patty Oliveri and Donna Kurz are both recovering from recent tonsillitides.

LOMITA VILLAGE

Mrs. James A. Kelsey's girl scout troop 1307 recently enjoyed a back-yard cook-out at her home, 335 Sawtelle avenue. The girls would like to give a great big orchid to Mrs. Hella Woods, assistant scout leader, for her untiring efforts.

Troop 1307 recently received a letter of appreciation from the pilot guide dog foundation for their help in getting seeing-eye dogs for the blind. This activity counts towards their dog and cat badge.

LOMITA VILLAGE

And how your reporter would like to thank the anonymous donor who sent her \$3 for the Maude Erwin foundation for cats. We have forwarded the money to the foundation. The correct mailing address is PO Box 66, Chula Vista. And the kitty shelter is still desperately in need of funds. We are hoping some of our Lomita youngsters will take the interests of the kitties to heart, particularly the scouts, whose creed embodies the teaching of kindness to animals.

From time to time we mention this subject of kindness to animals, which goes considerably further than seeing that Fido has enough to eat, and not kicking him. We hope your pets have been protected by distemper shots and, for the dogs, at least, by rabies shots. But there is more to it than that. Have you had your pets neutered? Do you keep them from roaming at large and breeding, thus adding to the enormous over-population of the animal world?

Thousands of unwanted little animals are being born every day. They're cuddly, cute, soft, warm, furry, adorable little animals, and they snuggle down in your arms for love and protection and comfort. But they're born under the sentence of death, because there aren't enough homes for them. So they're abandoned. And thousands more innocent little victims are doomed to death this year because they had the misfortune to be born into a world where there is no room for them. They'll end up as a statistic in a city or county pound.

But each pathetic little doggy and each little kitty was a loving, eager, trusting creature, anxious to bestow its deep affection on some kind human. Other innocent puppies and kittens will stray on to streets and highways and be run over. Still others will die of starvation, of accident, of disease, of cruelty. Pity the little pet that falls into the hands of the careless and the callous.

Your reporter is fond of quoting statistics. It's been estimated statistically one unaltered cat or

dog can, in a period of ten years, theoretically increase the animal population by the staggering total of 84,652,644—assuming all the offspring survived! The only solution to this unending tale of woe lies in stopping the problem at its source by curtailment of breeding.

Your neighborhood veterinarian can perform the inexpensive and safe operation. Besides, a neutered pet is a much more satisfactory one. A neutered male cat, for instance will forsake his old habits of night prowling, or running with the pack and fighting. He won't spray on your furniture. Nor will he make your nights sleepless by yowling on the back fence.

LOMITA VILLAGE

Skyline Wesleyan's women's missionary society recently held their annual mother-daughter banquet with lots of good food and good fun. The feature of the evening was a pantomime show entitled Silhouettes and Shadows with Mrs. Orval Butcher as narrator. The silhouettes appearing were Mmes. W. H. Jillard and Howard McKay and the Misses Joan Jillard, Kim McKay and Sharon Butcher. Voices were Mrs. Charles Spisak and the Misses Sandra Beardsley and Connie Butcher. Among the musical specialties was a solo by Miss Kathy Moore, also a chorus composed of the Misses Martha Smith, Rebecca Murphy, Carol Brown, Sandra Spisak and Melissa Spisak. Members of the girls' trio were Anna Lee Harlan, Joanna Brown, and Betty Jo Mason, while those composing the ladies' quartet were Wanda Herricks, Helen Martinson, Fanny McKay, and Sue Spisak. Mrs. Leonard Ensign was toastmistress, while Mrs. Edward Mason was pianist and Mrs. Charles Spisak was organist.

Officers of the women's missionary society for the coming year were installed during the festivities. Mrs. Wallace Brown is the incoming president, while Mrs. Robert Harlan is vice-president; Mrs. Les Whitfield is secretary, and Miss Oleta Noble treasurer.

Skyline Wesleyan still needs manpower for the building program. The ladies of the church are serving free Saturday dinners for the helpers.

LOMITA VILLAGE

The Audubon Stepperettes and the Lomita Village Twirlerettes, with Roberta Kurz as leading majorette, paraded in the Lemon Grove Pied Piper Parade. This marked the first appearance of the pom pon girls in the Twirlerettes corps, and was a tremendous success. Look for the Twirlerettes Flag Girls in their first appearance on the Fourth of July.

LOMITA VILLAGE

Have you noticed how many Lomita homes are now gay with bougainvillea vines? They lend an exotic, tropical appearance to the neighborhood. Most of the bougainvillea are magenta color, although we have seen a few others. There is a very beautiful bronze-colored specimen on Jamacha road. Your reporter bought a lovely burn-orange colored bougainvillea, thinking it would go fine with the yellow and cream roses on the lath house. There are some luscious shades to be found in bougainvillea, if you do a little sleuthing. You will find some gorgeous rose shades, lavender, and even white. Bougainvillea gives you a whole lot for so very little care.

FRONTIER SQUARES

Special party night with Frontier Squares Saturday this week at Spring Valley junior high. Wheeling Stars and Braves and Squaws will be hosted. Many plans have been made for this occasion and everyone is invited to come help make this a gala affair. Dan and Roberta Boone have been selected from Frontier Squares as the Heartland couple of the month for July.

BEGINNERS CLASS STARTS

Junior Levis and Laces report beginners classes for preteen and teenagers will be every Thursday from 4 until 5:30 p.m. beginning June 5. Applications close June 19. The lessons are 25c each and will be at the LG Woman's club house, Main and Olive. Call HO 6-7317 for further information.

CIRCLE EIGHT

Club members and friends are urged to keep the date of July 27 open. Something important to happen!

Al Schaffer was club caller at the May 23 dance. He was assisted by guest callers Walt Ellis and Roy Close. Hosts and hostesses were Ray and Yvonne Johnston and Tommy and Beth Heinz.

The group was delighted to welcome the couple of the month, Art and Mildred Canfield of the Boots and Bonnets group. Guests included Mr. and Mrs. R. A. Engle, Bill and Bea Rodrigues and the Canfields.

PROMENADERS

It was strawberry time for the Promenaders square dance club on May 28, and everyone had a wonderful time, according to Frank Dyson, who was club caller. Frank was assisted by guest callers Al Rider, Dell Lake, and Ron East.

The couple of the month, Dick and Mary Ribley, brought several couples from the Huff 'N' Puffers. It was party night.

GRADE SCHOOL PEN PALS PROMOTE NEW FRIENDS

Mrs. Lucille De Waide's fourth grade class of Bancroft school is certainly doing its part to cement relations between two countries across the ocean from each other.

The Bancroft students efforts all started thru Mrs. Hugo H. Dypvic of 3048 South Bonita, Casa de Oro. Her son Michael is one of Mrs. De Waide's pupils.

Mrs. Dypvic has been corresponding with a pen-pal in Ireland for the past 12 years. This Irish pen-pal has a friend, Mrs. Jean Agnew, who is a school teacher in the model school house, Ennis-

killers, North Ireland.

The subject was brought up between Mrs. Dypvic, her pen-pal and Mrs. Agnew, to have the Irish children and the Bancroft school children begin corresponding. It was soon put into operation.

On May 26, the great day arrived. 45 letters from Ireland arrived at the Bancroft school for children of Mrs. DeWaide's class. Excitement prevailed . . . with each student claiming a letter as his own.

Along with these letters came one from the teacher in Ireland. She wrote:

"Dear Mrs. De Waide: This must look rather like more homework to check."

"Mrs. West of Mullagheer, Ballinamallard, tells me your class would like to correspond with a class of Irish children; a number of the children here are keen, if not very competent."

"I'm enclosing a bundle of rather tentative efforts for you to choose from — you will be able to match the standard."

"Some of the pupils will soon be moving to another class, but I thought that if we waited until the autumn term, all the summer correspondence would be missed, and I'm sure they'd love to exchange holiday postcards and snapshots."

"For myself, I'm looking forward to having some first-hand information about California. I've never had the luck to travel further than England and Scotland. Both my husband and myself are on the staff of the Enniskiller model primary school. I have two children, aged 9 and 5, both girls."

"I hope you find a letter to suit all the children who want one."

"Yours sincerely, Jean Agnew."

The Irish letters were quite informative, giving our children a

Pony League Teams Vie

Hitters in the Lemon Grove-Spring Valley Pony league, this past week really went on a rampage, as indicated in the following report from Red Keith, publicity chairman:

May 23, S and M Sporting Goods 14, Valley Pharmacy 5. Winning pitcher, Dell Keith;

May 24, in the first half of a double-header, Cochran's Record Den 15, Lemon Grove Optimists 1, with Bob Richardson as winning pitcher. There were three home runs in this game, all by the victors, Ray Johnson getting two and Dan Carr getting the other;

In the second half of the d.h., it was Greenwood Memorial Park 7 and Lemon Grove Merchants 1. Winning pitcher was Don Wardell;

May 25, in the first half of a double-header, Lemon Grove Sporting Goods 6 and Spring Valley Fire Dept. 3. Winning pitcher, Richard Whisman. There was one homer by Bill Flemming of the winning team;

In the second half of the d.h., it was Lemon Grove Optimists 4, S and M Sporting Goods 1. Winning pitcher was Cobb;

May 26, Greenwood Memorial Park 16, Valley Pharmacy 0. Winning pitcher was Roger Perkins;

May 27, Spring Valley Fire Dept. 9, Cochran's Record Den 1, with Barry Hodgesson as winning pitcher;

May 28, Lemon Grove Sporting Goods 23, Lemon Grove Merchants 2. Winning pitcher was Bob Van Dyke. Ronnie Matters of the winning team got himself a home run.

good insight on the country and its youth activities. Some told of the beauty of Ireland, with its lakes and greenery. Others told of children's games, one favorite being cowboys. Others told of their favorite movie stars. One mentioned Alan Ladd.

Others asked about California. One child asked, "Are there still Indians there?" And one asked, "Are there castles there?"

Mrs. De Waide's students wasted no time in answering their Irish pen-pals, not only to learn more about Ireland, but to create friendship that's bound to arise between correspondents. And from the looks of this, it will continue for some time. Now the Bancroft children are sending comic books.

One girl in Mrs. De Waide's class intends to expand her correspondence scope by soon writing to a pen-pal in Denmark.

Our younger generation may have something at that. This pen-pal business could be the means of encouraging world peace.

Flapjack Flipper To Defend Title
Dave Everett, self-proclaimed champion of San Diego county, has put out a challenge to all able-bodied flapjack flippers.

Everett will be at the Southern California exposition and San Diego county fair, in Del Mar, July 2, to defend his title against all comers.

Everett's adept handling of the oft-times wayward flapjacks enabled him to win the title at the Lemon Grove Kiwanis club last month over a large contingent of men, women, and children.

The formula is simple. Pie-baked flapjacks must be scooped off a table and flipped into a skillet, then scooped again and placed on the table. The contestant who negotiates this maneuver the most number of times within 15 seconds is declared the winner.

Scout News...
CUB PACK 318
Cub Scout pack 318, sponsored by the Lemon Grove Congregational church held their annual over-night camp out for fathers and sons last Saturday at Action ranch, which was followed by a family picnic on Sunday. Recreation for the day included horse back riding, ball games, sack races and relays. The monthly pack meeting was Sunday afternoon and the following awards were given:

Wolf badges to David Godfrey, Michael Dirickson, Timmy Burke, Danny Rettig, Tom Stumbaugh, Ronnie Thill and Harold Hansen; dinner stripes to Judd Carson and Ronnie Thill; assistant dinner to Randall Olsen; gold arrows to Stephen Bickley, Tom Strumbaugh and Ronnie Thill; and silver arrows to David Zaleckis, Emory Ball, Danny Ungrecht and Stephen Bickley.

The following scouts of Troop 47 participated on a service project at Action ranch, near Ramona, May 31 and June 1. Mike Masse, Charles Rauscher, Wayne Muzzy, Larry Jones, John Skinner, Jimmy Lindeneau, Mike Constance, Mike Schafer and Tommy Horak. The boys cleaned and painted the swimming pool, but, unfortunately they were unable to finish painting as the ranch was unable to obtain enough paint.

Lutherans Set Meeting
Mrs. Richard Hove, cradle roll secretary, has planned the program for the June Lemon Grove Lutheran WMF at 7:30 p.m. June 10 in the fireside room of the Lutheran church.

A playlet, Letter To A Baby, will feature the following members: Mrs. Jean Mueth, Mrs. Eric Peterson, and Mrs. Donald Johnson and small son. Mrs. Howard Swannstrom will give a reading on baptism, and music will be provided by Mrs. Kenneth Olson, choir director, and the women's chorus of the senior choir.

After the reading baptism, certificates will be given to the mothers of cradle roll babies. Hostesses for the evening will be Mrs. J. A. Holstrom and Mrs. Homer Frost. All the women of the church are invited to attend and take an active part in the work of this organization.

After supper the boys all joined together and sang songs until bedtime at 9:30.
Mr. and Mrs. Baker and two sons John and Billy; Mr. and Mrs. Lindeneau and sons Kenny Mr. and Mrs. Skinner, and Mr. Muzzy also spent the weekend at the ranch.

Some 44 scout units and 2640 scouts from the Grossmont district are among the 612 scout units and more than 22,000 Cub scouts, Boy scouts and Explorers and 8,000 leaders throughout San Diego county this week who are putting the finishing touches on their biggest scouting activity of the year.

The event is the annual scout fair of the San Diego county council, Boy scouts of America, scheduled for Friday this week 6 to 10 p.m. and Saturday 1 to 9 p.m. at Aztec bowl, San Diego state college.

St. Philip's Groups Elect New Officers
Members of St. Teresa's guild of St. Philip's church met last week for election of new officers. Elected were Chairman Mrs. Robert G. Nichols, Vice-chairman Mrs. Kenneth Adcock and Secretary Mrs. Lynn Schultz. St. Hil-da's guild will have a business meeting Thursday this week at the church.

The young people's fellowship elected new officers Sunday, June 1. Elected were President Charles Edens, Vice-president Sandra Taylor, Recording Secretary Carol McArthur, Corresponding Secretary Michelle Sayward, Treasurer Joyce Gilbert and Worship Chairman Robert Megling.

Saturday evening the Vicar united in marriage, Miss Carol Rose Wooster and Richard Roy Keller at a candle light ceremony. On Sunday, June 1, the vicar officiated at the wedding of Miss Lois Rita Davy and Sgt. Richard Lee McNaught. The groom was attended by six of his brother Marines. Matron of honor was Mrs. Barbara Parker, maid of honor, Miss Devana Koger and bridesmaids Misses Sharon Davy, Patricia Harp, Dianne Kiesel and Dorothy Jones.

Petitions Roll In For City

optimism was based on present results and the fine cooperation being received from Lemon Grove citizens. "If anyone has been delaying signing and sending in their petition," Mrs. Fellows said, "I urge that they do this at once. Everyday we delay costs us some time and some financing which we might save if each property owner would immediately assist by signing and returning the petitions to our headquarters office at 3442 Main street here in Lemon Grove.

"In the event anyone would like to have a volunteer worker call and pick up the material, please call the headquarters at HO 34683 and we will immediately send someone to your home," Chairman LeBarron told the luncheon meeting of the executive committee. "This is our brightest hour for Lemon Grove. The cooperation and the upsurge of community pride we hear on every side make us proud to be

Seniors Get New Officers

The Lemon Grove woman's club seniors recently installed Mrs. Mary Vlach as president for the coming year. Other officers installed with Mrs. Vlach were Mrs. Marie Howell, vice-president; Kay Koester, secretary; Mrs. Ora Black, treasurer; Mrs. Roe Rogers, parliamentarian.

Installing officer was Mrs. David Frasier of San Diego, county district officer. Other officers include Mrs. Alice Sheniman, past-president; Mrs. Arva Piepenbrink, senior co-ordinator to juniors; Mrs. Anthony Codina, senior co-ordinator to vogue. District officers are Mrs. Dorothy Richardson, secretary; Mrs. Ethel Harvey, scholarships chairman; Mrs. Georgia Crow, parliamentarian.

a part of this community survival program," he said.

According to Bob Vaught, the community has been divided into 30 areas with complete canvass projected for the next two weeks. All needed parcels of property and land values will be completed within that period following which presentation will be made to the San Diego board of supervisors. Incorporation headquarters have reported the closest of cooperation from all pertinent levels of county government.

The Dimmer VIEW

(Continued)

has been associated since he came to town three years ago.

Not only did he head up the function but he made two of the floats which added color and charm to the parade.

Dr. Burns and his crew (not one penny do they get) are to be commended for their effort and for the example they have set for the rest of the community to follow.

Lemon Grove lost two prominent citizens this week. One, Fred Ward, 65, died after a full and complete life although his last six years were steeped in illness.

The other, 13-year-old Ronald Glynn Duncan, of 2151 Glencoe drive, was killed by an auto as he crossed over Imperial Avenue enroute home from school. The driver, a 28-year-old housewife was not to blame and was not cited.

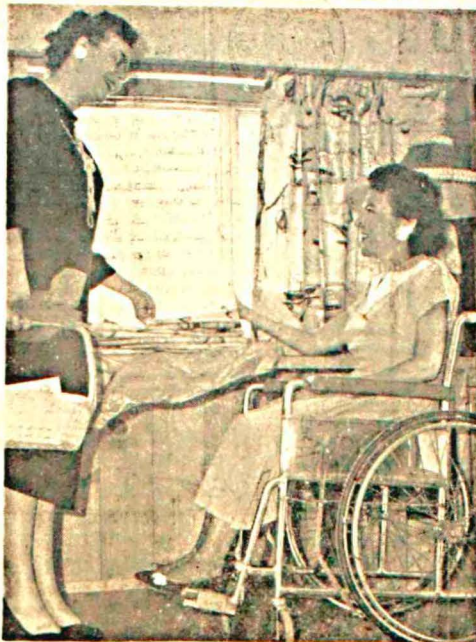

In the case of Fred Ward, whom I knew well as a friend, he would not have complained his end. In his keen powers of logic his death must have appeared a normal and natural end to a long life filled with many pleasures and many pains. His good certainly overbalanced any bad that may have been a part of his life. Should we be able to chat with Ward beyond the Pale he would admit, I am sure, there is nothing mysterious in the act of living and dying.

This is not the case with Ronny Duncan. How would we explain the lack of sidewalks which caused him and his schoolmates to have to take to the railroad tracks for comparative safety? How would we explain the failure of responsibility on the part of county government and the railroad in not removing the high weeds through which he darted to be hit by the oncoming car? How do we explain our outrageously narrow roads, unguarded intersections and heavier autos with increased horsepower? These things would be difficult to explain to a youngster who has yet to taste the full bitterness of the facts of life. He would be mystified and frustrated that these things are part of a 13-year existence otherwise filled with fun and parental love.

How would we explain these things to this youngster could he be brought back for a single day would be a good chart by which we might examine ourselves as parents, as teachers, as preachers and as community leaders.

An announcement that could take a trophy for truthful advertising is on the bulletin board at Chan Mason's feed store. It reads, "For sale, large bony horse, awful looking but gentle with children."

There's a story which appeared in a south by area publication which energized a banker's sense of humor. Bill Paul gave me this clipping concerning Senator Goldwater of Arizona. The senator, in January, received a letter "Dear Mr. Senator: My friend Bordeaux over in Pima county received a \$1,000 check from the government this year for not raising 50 hogs. So I am going into the not-raising-hog-business next year. What I want to know is, in your opinion what is the best kind of farm not to raise hogs on and the best kind of

WELCOME HOME—In more ways than one this picture a welcome home as Patricia Goodbody of Welcome Wagon, Inc., gives Mrs. Leonard Anson, 7731 Rosemary Lane, Lemon Grove, various gifts from local merchants, a regular practice of the Welcome Wagon plan. Death Takes Fred Ward At Home

resented lumber interests in Iowa and Illinois. For ten years he operated a lumber yard in Seattle and came to Lemon Grove in 1943 to join the Lemon Grove lumber company. Two years later he started his own business on Massachusetts avenue which still thrives.

A 32nd degree Mason, Ward is a member of New London, Iowa Blue Lodge 28. He is also a Knights Templar, San Diego Commandery and a member of the Al Bahr Shrine.

He is a member of the San Diego Lumbermen's association; the Southern California retail lumbermen's association and the Christian business men's club of San Diego.

He is survived by his wife June, three sons, Barry, Worth and Brian, a son and a daughter by a former marriage; Mrs. Adele Thomson of Los Cruces and Fred Ward Jr. of San Diego.

He is also survived by two brothers: Frank of Nebraska and John of Iowa and two sisters: Mamie Raye Smith and Mrs. Nova Warnick, both of Washington.

Services will be Friday at 2 p.m. at the La Mesa Methodist church. Masonic graveside services will be held at Greenwood cemetery.

hogs not to raise? "The hardest part in this business is going to be keeping an inventory of how many hogs I haven't raised. . . I plan to operate on a small scale at first, holding myself down to about 4,000 hogs, which means I will have about \$80,000. Now . . . these hogs I will not raise will not eat 100,000 bushels of corn. So will you pay me anything for not raising 100,000 bushels of corn not to feed to the hogs I am not raising? I want to get started as soon as possible as this seems to be a good time of the year for not raising hogs.

Signed:

Octave Broussard

"P.S. Can I raise 10 or 12 hogs on the side — just enough to get a few sides of bacon to eat?"

Concert Set At Grossmont

Lawrence K. Christianson, director of instrumental music for Mt. Miguel high school, will join Henry Kolar, violinist, and Marjorie Rohlfleisch, pianist, in performance of the Brahms' horn as part of the local artists concert Monday June 16, at 8 p.m. in Grossmont auditorium. The public is invited to attend according to the sponsors, the women's committee of Grossmont community concert association with Mrs. Roy Close as local community chairman.

The composition, formally known as Trio in E Flat, Major, opus 40, is based on an old German folk song and its adagio movement was probably intended as a requiem memorial to Brahms' mother.

Two LG Students State Graduates

Two senior students at San Diego state from Lemon Grove who will receive their degrees at the June 13 commencement have been approved by the college faculty for graduation with distinction in their major fields, it has been announced by President Malcolm A. Love.

They are: Martin Gehring, 7070 Broadway, Lemon Grove, who had a grade point average of 3.67 in his

major field of physical education for men and Dale Cecil Cummings, 1380 Skyline Drive, Lemon Grove, who had a grade point average of 3.86 in his major field of industrial arts.
